

# Congratulations!

MANAGER TO EMPLOYEE

## Darius Quick

You have been recognized by Susan Huff

Thank you for working towards cohesive team work and to meet our patients needs for enteral. I know in the last few weeks, in addition to this morning's referral you had last minute orders and challenges from our teams. Our Pediatric orders are always last minute from the pediatric Hospitals and I know it's not easy. You remain calm, respectful and collegial. I appreciate you!
